VOL. LIX NO. I MARCH/2024

CHIEF THE R. HON. THE EARL OF DALHOUSIE, GCVO

Let me introduce myself, I am Catherine F. Frye. In 2001, I met my birth mother, who told me my birth father was, Glenn Harding Ramsey (1920-1988) of Huntington, Cabell County, West Virginia. Born in Pool, Nicholas County, WV, the son of Thomas Hawkins Ramsey and Nancy Jane Craft. He had four brothers: Roosevelt, Olice, Cleatus, and Maynard and five sisters: Ouida, Veda, Nada, Virginia, and Geraldine.

My birth father knew he had a daughter born in 1947 and had agreed with my birth mother that I be given up for adoption. I was adopted officially in 1948.

In July 2018 I attended my birth mothers family reunion in Summersville, WV and met first cousins David F Ramsey, Clan Ramsay's Treasurer, and Richard Childress, author of the Clan Ramsay history book, A Historical Legacy. I was shocked as I had not tried to pursue my paternal side!

David asked if my husband and I would join the group for dinner. I accepted and returned with my husband, daughter, and son-in-law. We were joined by Richard's brother and his wife.

Enroute to dinner, David called my half-brother, Ike Ramsey. David told Ike he had a sister, Ike said, he knew had two sisters. David explained that he had a new half sister. I spoke to my half-brother for the first time and I told him we would talk soon.

After the shock had worn off, I called Ike and our families met, shared pictures and stories of our father's early life.

In 2019, we were invited to attend the Loch Norman Games in North Carolina. We went for the experience and were hooked.

## Our New West Virginia Commissioner

May of 2023, we became aware of the first WV Wild and Wonderful Celtic Highland Games held in Randolph County. We attended, along with another 1200 people, made friends with the people who established the festival and are working with them on the upcoming event.

In November 2024, I was advised of my appointment to West Virginia Commissioner, and on June 15th Clan Ramsay will be represented at the 2nd annual event.

I wish to thank David F. Ramsey and President, Pam Ramsey McNeil for their consideration of my appointment. I am honored to represent Clan Ramsay and my family's heritage.

## PRESIDENT'S LETTER

Greetings Members of Clan Ramsay International,

As the highland games season springs forward this year, I want to share my gratitude for all of the hard work and dedication shown by our officers and regional commissioners both past and present. The time and energy that is spent setting up and representing our organization at highland games, sharing the stories of our families and our passion for our heritage is greatly appreciated. Sharing our family stories and engaging others brings a sense of belonging that many are looking for.

Those are some of the many reasons why someone is interested in joining our extended family. It is that fellowship among those who share our heritage and interest in finding connections. Thank each of you for helping to preserve our clan's cultural heritage.

I want to welcome one of our newest regional commissioners: Catherine Frye, who will be representing Clan Ramsay International in West Virginia. If you or anyone you know is interested in representing Clan Ramsay at upcoming games do not hesitate to reach out to me. The rewards are long reaching. If you know of a game, we are missing out on please think about helping us be there.

**Due to a scheduling conflict, the date of our AGM has changed.** Our Annual General Meeting will be held at 4:00 pm on Saturday September 7, 2024, in conjunction with the Columbus Scottish Festival which is located at the Bartholomew County Fairgrounds in Columbus Indiana on September 7<sup>th</sup> and 8<sup>th</sup> 2024. I look forward to seeing you there. If you plan on attending, please let me know so we can plan for refreshments.

[mckennypam@outlook.com](mailto:mckennypam@outlook.com)

If you have the chance I would love to meet you. Coming soon the St Louis Scottish Games will be held at Schroeder Park in Manchester Missouri on May 11, 2024. I will be setting up a tent and representing Clan Ramsay at this event.

I wish you all the best and look forward to meeting and spending time with all of you,

## Burns Night Supper Dallas, Texas

The Londoner Pub opened its Dallas location last year, just before their first Burns Night.

Their second edition, this year, was a very much improved one, with everyone able to both see and hear all the Burns poems and addresses.

Pipers and drummers filed through the hall, both at the beginning, and accompanying the parade of the Haggis.

The addresses to the Laddies and the Lassies were great tongue-in-cheek speeches, and the Master of Ceremonies really played up the Address to the Haggis.

Glenlivet was served with both the Cock-a-leekie soup and the Neeps and Tatties.

Well done, Londoner. We'll be back next year.

## Burns Night Supper Frederick, Maryland

Clan Ramsey was represented at the St. Andrew's Society of Mid-Maryland, Inc (SASMM) Burns Nicht Supper. This event was held on February 24, 2024, at the Urbana Volunteer Fire Department Hall, in Frederick, Maryland. In the photo to the left is the new 2024 SASMM President, Ms. Kaitlyn Likas and Dr. William Hadyn Roberts, Jr, Maryland Commissioner for Clan Ramsey. SASMM is truly welcoming as Ms. Kaitlyn is all Irish, and Dr. Roberts is half Welsh!

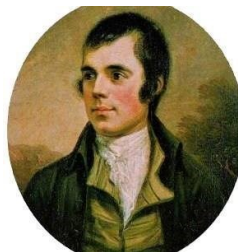

Ms. Kaitlyn Likas is an award-winning fiddler and Irish/Scottish Highland dancer based in the Washington, D.C. area. Kaitlyn performed eight times for Ireland 100: Celebrating a Century of Irish Arts & Culture at the Kennedy Center. She was a featured fiddler in Celtic Life International Magazine in 2018. In her spare time, Kaitlyn volunteers for various local Irish/Celtic organizations. She currently has leadership roles in the Celtic Society of Southern Maryland as well as SASMM.

This traditional Burns Night Dinner included all the usual traditions (Parade and Address to the Haggis, and several toasts), but also included Scottish Highland Dancing and Scottish fiddling. Ms. Kaitlyn is a multiple award winner in fiddling and dancing. She also performed with her fiddle and several dances. There were also several "wee ones" who were on the dance floor with her! The SASMM website can be found at

<https://sasmm.com>

In addition to staking out a little corner for Clan Ramsey I also brought in a bottle of single malt Welsh Whisky, *Penderyn*, and they did not throw me out! This is a great event, GREAT food, and a fun silent auction, that has been held for many years. I encourage all Ramseys to put this one on your Celtic calendar to attend!

The theme for the night:

The Primrose (written in 1793)  
Dost ask me, why I send thee here  
The firstling of the infant year  
This lovely native of the vale,  
That hangs so pensive and so pale?  
Look on its bending stalk, so weak,  
That each way yielding, doth not break,  
And see how aptly it reveals  
The doubts and fears a lover feels.  
Look on its leaves of yellow hue.  
Bepearled thus with morning dew.  
And these will whisper in thine ears:  
"The sweets of loves are wash'd with tears."

## Europe/Grand East Celebrates Burns Night January 27, 2024

The Ladies and Clansmen of the Grand East Europe gathered in at the Château de BONNAY in Doubs, where Anne, the owner, opened her doors to our Clan.

Commissioner Marie Corinne LeFranc Corbet, as night fell, kicked off the festivities on a warm evening.

Our connection with Scotland is so powerful that, once again this year, we all wanted to evoke and rediscover the heritage left to us by Robert Burns.

Throughout the evening, his verses and songs, filled with passion and wisdom, echoed under the beams of a traditional French ceiling, reminding us of the importance of forever celebrating love, life, and friendship.

The first part of the evening allowed Marie Corinne, in her capacity as Commissioner, to welcome two new households. After the pronouncement of their oaths, she handed diplomas to Didier and Denis. Through this adoption, the Ramsay Clan EU Grand East added two new branches to the Ramsay tree.

Then, we honored the birth of Edene, the first

grand-daughter in the household of our Clansman Olivier, by offering some gifts to welcome her. Once again, our tree enriched itself with another very promising and beautiful branch.

Once again that evening, we all felt the cultural and emotional bond between the land of Scotland and our Old Continent. Through numerous toasts, we expressed to our leader Romain our great satisfaction for the exceptional quality of his Haggis, and before parting ways, all Clansmen and ladies sang the traditional "Auld Lang Syne."

## Europe Scottish Clans Burns

January 27, 2024

Our group took part in the Burns organized in the traditional way by the McKinnons clan. The event took place at the Hotel De Basiliek in Edegem, near Antwerp.

The group "The Hoggies" entertained all the women and men of the clans present.

The Hoggies are a Brussels-based Scottish Ceilidh Band, established in 2011, by a group of enthusiastic musicians with a love of celtic music and an inspiration to make live ceilidh dances in Belgium available for everyone.

The "Address to the Haggis" immersed us in the magical world of the poet Robert Burns:

The groaning trencher there ye fill,  
Your hurdies like a distant hill,  
Your pin wad help to mend a mill  
In time o' need,  
While thro' your pores the dews distil  
Like amber bead.

Afterwards, we shared a delicious meal with our friends: Seafood Cocktail, Haggis, Neep, Tatties with Dark Meat Sauce, Fruit Biscuit Cake and Almond Paste, Mocca Biscuits,

The traditional haggis was accompanied by delicious whisky.

Dances, songs and bagpipe tunes were highlighted for the happiness of all.

The evening ended in a joyous atmosphere with the famous Auld Lang Syne sung by everyone, holding on to the brotherly chain.

## Royal Gaulish Burns Night

February 6, 2024

My wife Marie-Christine and I had the honor of being invited as representatives of the Ramsay clan by the Scottish Baron Michel Pilette de Kin near to this traditional activity of the Scottish Burns organized at the Cercle Royal Gaulois Artistique et Littéraire in Brussels for its members.

In the heart of the Royal Park of Brussels, this private circle brings together ambassadors, representatives of the liberal professions, scientists, magistrates and lawyers, university professors and academicians, politicians, executives or business leaders, artists and people of letters. They happily meet there for lunch, attend an activity organized by the Circle or enjoy a well-stocked bar.

The roots of the Circle are ancient. Indeed, the Circle was founded in 1847 by personalities from the Belgian world.

Open to any political, cultural, or philosophical tendency, it is a place for friendly, intellectual, artistic, literary, humorous, gastronomic, tourist or even sporting meetings. Refinement and conviviality are the two major characteristics of these events, marked by the spirit and exceptional setting of the Cercle salons, the oldest of which were built in 1780.

Within a vast network, the Cercle Gaulois also maintains reciprocal relations with around a hundred other circles in Belgium and around the world.

The meal was sumptuous. The decoration was magnificent.

The evening's entertainment took place in a masterful manner with a superb Address to The Haggis. The meal continued with the Hay Pipe Band and a demonstration of Scottish dances under the direction of the group The Hoggies. The evening ended in the salons of this famous club where liquors were offered.

# New Year Lunch Belgium

January 28, 2024

Clans Hay, McKinnon and Ramsay came together to celebrate the New Year Lunch during our Scottish Clans Days at Jezus-Eik, opposite the church of Notre-Dame-au-Bois.

The Hay Pipe Band welcomed us on the square in front of the religious building dating from the 17th century. The name Jezus-Eik refers to a giant oak tree which existed before the construction of the church.

The representatives of the clans entered in procession followed by the pipers to sit in the choir facing the participants.

Each person in charge marked a special intention for this or that missing member of our families during this Family Memorial. Various pieces of music were played by singer and harpist Inge Frimout (cousin of astronaut Viscount Dirk Frimout) and by the Hay Pipe Band. The latter closed this ceremony with "Flower of Scotland". A minute of silence was held in memory of our dearly departed.

At midday, we met at the NeroCafe Brewery located in the old Hoeilaart station for lunch in a very warm atmosphere and hosted by our harpist, the singer Inge Frimout.

# 7th Annual Sherman Celtic Festival

PAGE 8

**Sherman, Texas  
March 23rd & 24th, 2024**

This was our fourth Sherman Festival to attend and join the Clan Village with a Clan Ramsay tent. As native Texans, we have become accustomed to having weekends with Spring weather one day and Fall weather the next, and this year was no exception.

Saturday brought a bright, sunny day, beginning with temperatures in the upper 40s, and ending with a warm near 80. The day offered perfect weather for the Highland Games athletes and Highland dancers, pipe band competitions, and the ever-growing number of merchandise, craft, and food vendors. Sherman is a fairly new festival but has grown quickly to become one of the top events in North Texas.

One of the unique features of the Sherman festival is that it attracts multiple cultural exhibits and groups. The noon Parade of Clans was quite a bit larger than earlier years, and Clan Ramsay had a good representative group marching with us, with pipe bands marching among the clans. The opening ceremonies including the Lord's Prayer, performed by the Choctaw Nation, sung in their native language, as well as hand signed by two of their members. There were Vikings, sword fighting demonstrations, a sheep herding dog obstacle course, face painting and temporary tattoos, and a wide variety of family attractions.

Clan Ramsay had many visitors on Saturday, mostly kids asking to have their scavenger hunt booklet stamped with our Clan emblem stamp (very popular with the kids and their parents), but quite a few people curious about Ramsay/Ramsey, and a fairly steady stream of Ramsay extended family.

This year was the first time that the bands who played during the day came back for an evening concert at the central amphitheater. Many of the clans took an evening dinner break and then came back to enjoy the musical entertainment.

Sunday brought a shift in weather, and many of the clans arrived to discover their tents had been bent and blown around by the strong gusts of winds that came through overnight. Clan Ramsay's tent survived, but next-door neighbor Donald lost two of their three. This prompted some inquiries about a heavier duty tent for the future. A quick walk around the Clan Village provided some good examples of which tents hold up the best in winds.

The wind continued to be very strong all day, and

most of the clans began tearing down their tents, preparing to leave before the expected storm front. Clan Ramsay hedged our bets and took down everything that could blow away, leaving the tent up until the visitor traffic seemed to slow to a trickle. So, then Sharon and I packed up everything and loaded the car, but decided to make a day of it and stayed to watch the bands play for the afternoon. Not a bad day at all, despite the weather conditions.

We'll go back to Sherman again next March. If you are in the North Texas/South Oklahoma region, come visit the Clan Ramsay tent there. <https://www.shermancelticfest.com>

### Clan Ramsay International establishes a DNA Research Committee

At the Clan Ramsay Annual Gathering last October, a DNA Committee was formed, to help members find Ramsay/Ramsey ancestors and extended family. Initial funding came from Mike Ramsey and Ronda Ramsey Shackelford, and donations to the fund by members will help pay for DNA kits. Ronda's donation paid for the first DNA kit to be provided by the Committee, and the first recipient was a member of her extended family, Charles Robert Ramsey. "Robbie's" DNA results will be returned soon and should reveal more information about several related families.

### DNA Research Committee first member to receive a free Y-DNA sample kit.

For 2024, the DNA Committee has decided to pick one member each quarter to receive a free Y-DNA sample kit. Y-DNA can trace the paternal line back for centuries and help break through previous dead ends from traditional genealogical methods.

The first recipient of 2024 was Nathan Graham Ramsay of Wisconsin. He was selected from applicants who requested to be considered, based upon family tree information. Criteria for selection are Clan member (including new members), not previously Y-DNA tested, and how many other families might gain new information from this candidate.

Nathan's family is from the Canada and NY region and appears to share some common ancestors with many members who report ancestors from that region. These families are known to be related genetically to ancestors in Ayrshire, Scotland. Descendants of these ancestors have spread to countries as distant as Australia, and many states in the USA.

We hope Nathan's DNA results will help narrow the search for a common ancestor for this group of families. The lab requires more than two months to complete the analysis and return results, but we should have them soon.

### DNA Research Committee accepting requests for future free Y-DNA sample kits.

In the June newsletter, we will report back with new information found, as well as announce the recipient for the free Y-DNA sample kit for the 2nd quarter of 2024. If you would like to be considered as a candidate for this free test, please send an email to [snsmike@prodigy.net](mailto:snsmike@prodigy.net), and include as much family tree information as is known. Full names, and birth and death dates and locations are very helpful.

This is a Ramsay/Ramsey surname project, so recipients are limited to male members. If you are a Ramsay/Ramsey through a maternal connection, please let us know a living male with a direct connection to Ramsay/Ramsey to contact and include as much of your Ramsay/Ramsey tree information as possible.

### Opportunities to participate in Clan Ramsay DNA Research.

We are expanding the Ramsay/Ramsey database, so even if you do not wish to participate in the DNA testing, your family tree information can be very helpful to other members, as well as helping attract new members. If you would like your family tree to be added or made more complete in the database, please send as much of that paternal line information as you know to [snsmike@prodigy.net](mailto:snsmike@prodigy.net)

The DNA committee needs help with entering data and helping manage the DNA results. If you are interested in learning how to help, send an email to [snsmike@prodigy.net](mailto:snsmike@prodigy.net), and your information will be forwarded to the database administrator. We need the most help with haplogroups that do not currently have an administrator. The E haplogroup is managed by Mike Ramsey, but help is needed with haplogroups I, J, and R. Email any questions you might have.
